Who we are

Sa-ba Endüstriyel Ürünler İmalat ve Ticaret A.Ş. (Sa-ba Industrial Products Manufacturing and Trade Inc.) was established in 1976 as a company producing plastic-based finished and semi-finished goods for main industries. Having reached its current position by a continuous increase in service quality and constant development, Sa-ba utilizes state-of-the-art technological developments in each stage of its production process and regards high quality standards as the most important basis to achieve its targets.

Supporting its experience gained in automotive sector since the first years with its dynamic and young administrative team, Sa-ba has acquired fast and planned productions capabilities. Sa-ba also has become a pioneer in its sector with Trailight® brand it created.

Working under the principle of unconditional customer satisfaction and outstanding service, Sa-ba is a corporation which establishes honest communication with consumers and adopts the target to create a stable corporate structure in accordance with the sense of strong infrastructure and dynamic system.

Achieving the world standards by not only production quality but also a multi-dimensional total quality management system including rights of employees, environmental sensitivity and training activities etc., Sa-ba has corporate values giving priority to human life, environmental sensitivity, high quality production, honest and transparent management and sustainable customer satisfaction.

Hakkımızda

Sa-ba Endüstriyel Ürünler İmalat ve Ticaret A.Ş., ana endüstrilere plastik esaslı mamul ve yarı mamul üreten bir kuruluş olarak 1976 yılında kuruldu. Sürekli gelişip hizmet kalitesini artırarak bugünkü konumuna ulaşan Sa-ba, güncel teknolojik gelişmeleri üretim sürecinin her aşamasında kullanarak, yüksek kalite standartlarını hedefe ulaşmadaki en büyük dayanak olarak gördü.

Sa-ba otomotiv endüstrisinin ilk yıllarından bu yana sektörde faaliyet göstererek edindiği birikimi, dinamik ve genç bir idari kadroyla destekleyerek, hızlı ve planlı üretim yeteneği kazandı. Yarattığı Trailight® markasıyla da sektöründe öncü oldu.

Sa-ba, koşulsuz müşteri memnuniyeti ve üstün hizmet anlayışıyla çalışan, tüketiciyle dürüst iletişim kuran, güçlü altyapı ve dinamik sistem anlayışıyla istikrarlı bir kurumsal yapı yaratma hedefini benimsemiş bir şirkettir.

Dünya standartlarına sadece üretim kalitesiyle değil, çalışan hakları, çevre duyarlılığı ve eğitsel etkinlikler başta olmak üzere, çok boyutlu bir toplam kalite yönetimi benimseyerek ulaşan Sa-ba'nın kurumsal değerlerinde insan yaşamının önemi, çevre duyarlılığı, yüksek kaliteli üretim, dürüst ve şeffaf yönetim ve sürdürülebilir müşteri memnuniyeti önde gelir.

Sa-ba Products in 30 Countries and 5 Continents

Each product on Sa-ba's production line complies with the international standards for the related category.

Lighting products are in compliance with ECE standards of EU countries and SAE norms of and NAFTA countries.

Interior and exterior mirrors have the properties to meet OEM and ECE specifications.

In the light of its experience in automotive sector, Sa-ba designs the future lighting products, carries out the scientific-based researching and developing methods and performs its activities in parallel to technological progresses.

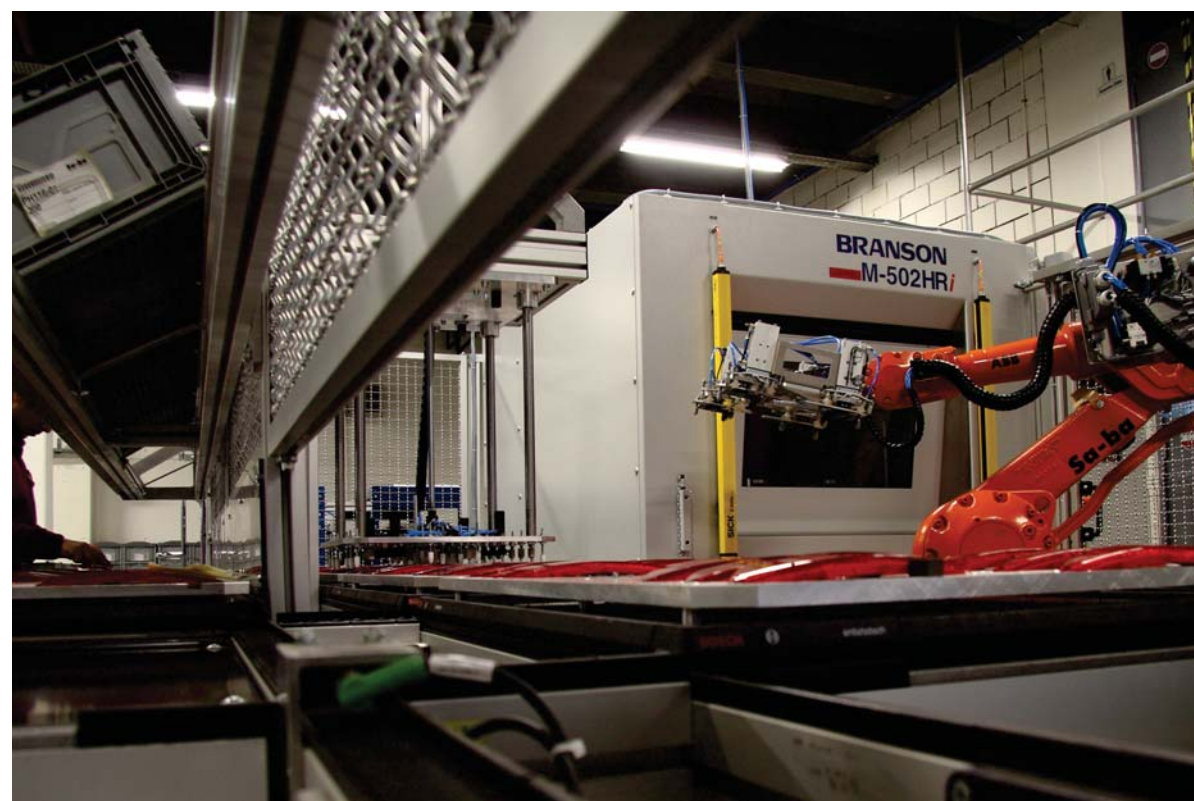

5 Kıtada, 30 Ülkede Sa-ba Ürünleri

Sa-ba'nın üretim hatlarından çıkan her ürün, kendi kategorisindeki uluslararası standartlara sahiptir.

Aydınlatma ürünleri AB ülkelerinde geçerli olan ECE ve NAFTA ülkelerinin SAE normlarına uygundur.

İç ve dış aynalar OEM ve ECE spektlerini karşılar niteliklere sahiptir.

Sa-ba, otomotiv sektöründe elde ettiği deneyim ve birikiminin ışığında geleceğin aydınlatma ürünlerini tasarlayıp geliştirirken, bilimsel tabanlı araştırma ve geliştirme yöntemlerini uygulamakta, faaliyet alanlarını teknolojik gelişmelerin paralelinde sürdürmektedir.

Trailight® , The Star of Sa-ba at OEM Market

Trailight®'s registered original products and lenses which incorporate all functions of a lighting system comply with EU standards and they have accurate photometric values internationally-proven through testing.

International standard parts such as light bulbs, cables, sockets and screws are used in the component of Trailight® offering maximum durability and service life irrespective of natural or road conditions and hence there is no difficulty for replacement and renewal of parts.

Product tests have demonstrated and certified that the service life of Trailight® is equal to that of a vehicle under any condition. The cable and raw material structures used in the system are designed and made of fire-proof and non-sparking materials. The device values are specified on each product.

All products under Trailight® brand are environment-friendly and have a recycle code.

The cables and signaling systems used in trailers have ADR certificate, a legal safety standard for flammable and explosive materials.

Sa-ba'nın OEM Pazarındaki Yıldızı: Trailight®

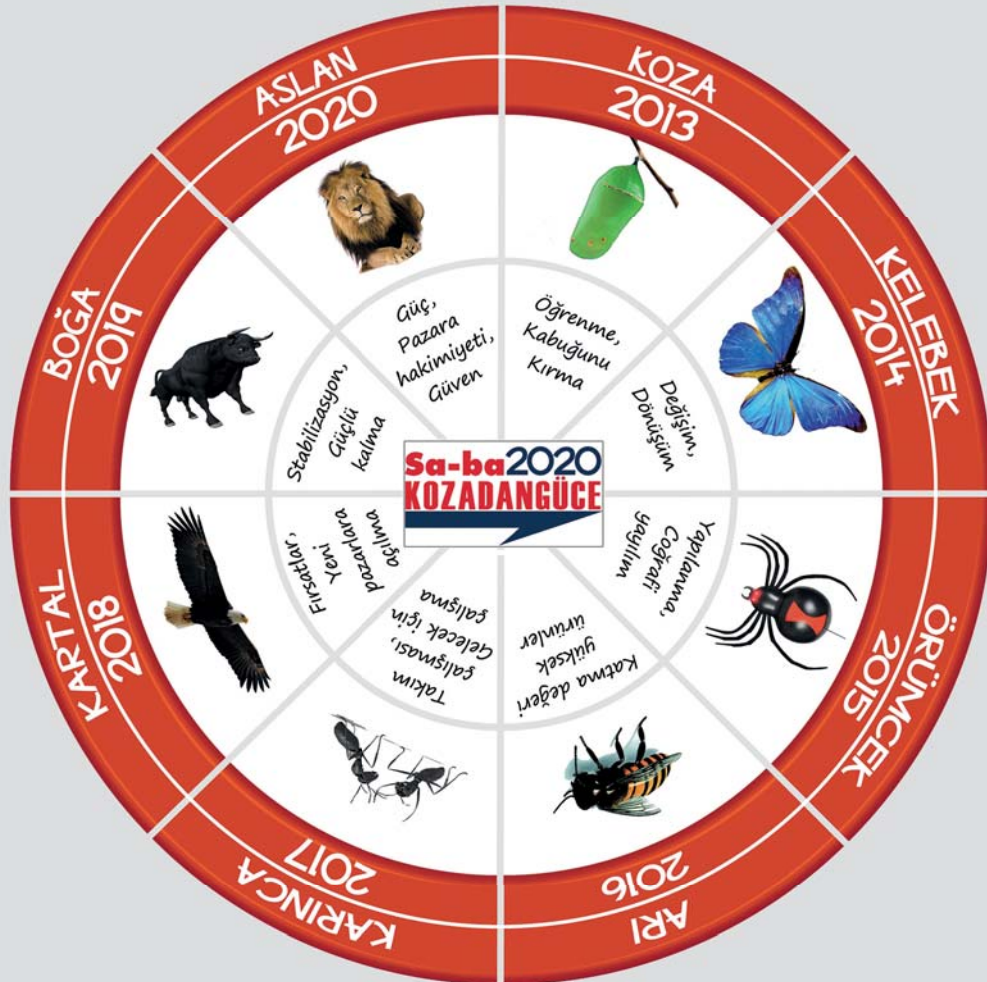

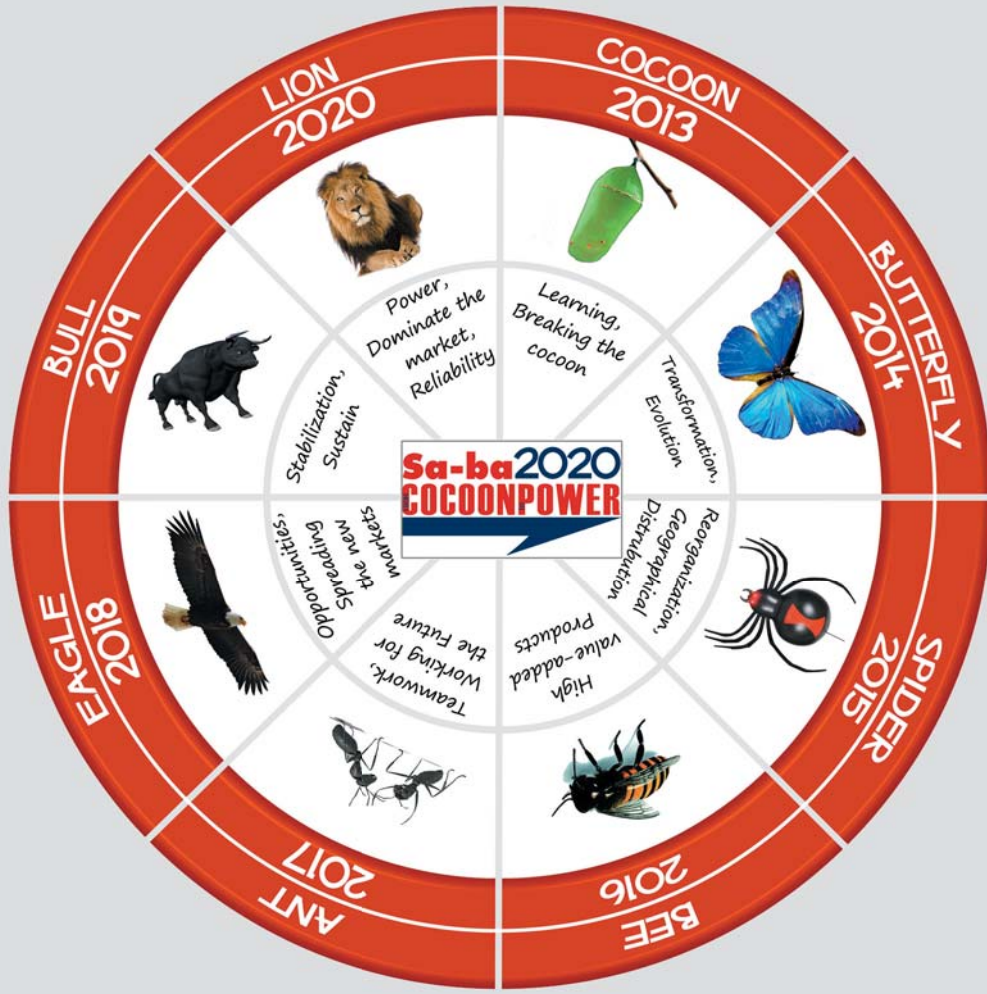

Trailight®'in tescilli orijinal ürün ve lensleri, AB standartlarına uyumlu, uluslararası testlerden geçmiş, doğru fotometrik değerlere sahiptir ve bir aydınlatma sisteminin tüm fonksiyonlarını bünyesinde toplar.

Doğadan ya da yol koşullarından kaynaklanan şartlar ne olursa olsun, maksimum dayanıklılık ve uzun ömürlülüğe sahip olan Trailight® aksamında, uluslararası standart ampul, kablo, soket, vida gibi parçalar kullanılır ve değiştirme/yenilemede zorluk çekilmez.

Ürün testleri Trailight®'in her koşulda araç ömrü ile eşit kullanma süresine sahip olduğunu kanıtlayıp belgelemiştir. Sistemde kullanılan kablo ve hammadde yapıları yanmaz ve kıvılcım üretmez malzemelerle tasarlanmıştır. Cihaz değerleri her ürün üzerinde belirtilir.

Trailight® markası altındaki tüm ürünler çevreye duyarlı ve geri dönüşüm koduna sahiptir.

Treylerlerde kullanılan kablo ve sinyalizasyon sistemleri, yanıcı ve patlayıcı maddelere karşı yasal güvenlik standardı olan ADR sertifikalıdır.

Sa-ba Vision 2020

A new period has begun at Sa-ba for vision 2020. The road map that will allow the corporation to reach its vision has been drawn and accordingly the projects are being executed under dynamism and team spirit in line with the defined strategies to active these targets.

The target of projects is to enable Sa-ba to maintain continuity as a corporation which adopts a competitive and innovative attitude and quality as a principle. Therefore, Sa-ba regards quality as the most significant output and hence aims to achieve quality production. Accordingly, Sa-ba plans all its activities and designs the future actions by combination of short and long term targets with investments and efficiency.

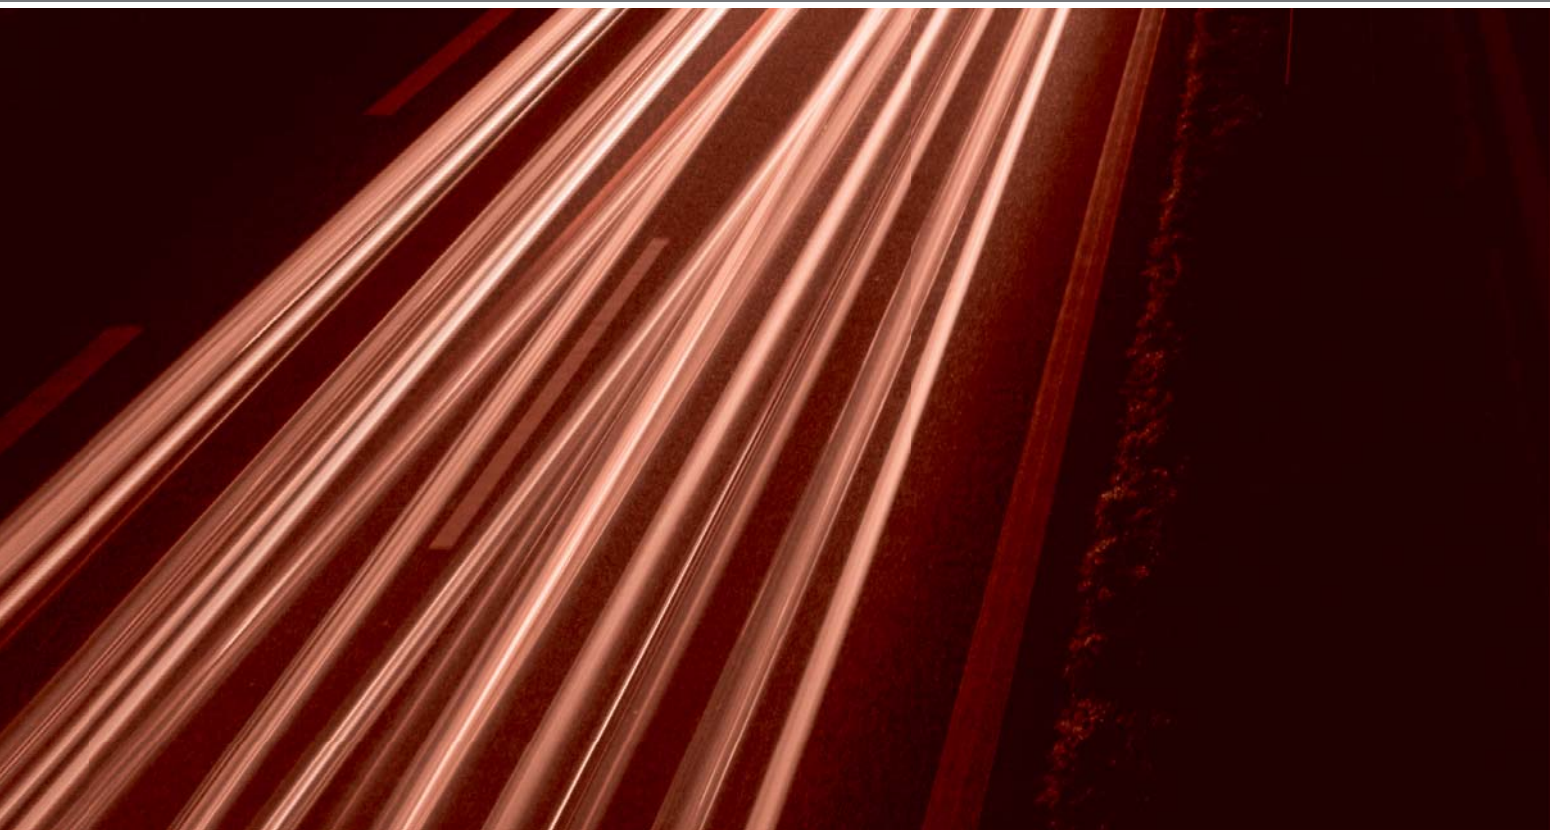

Intending to predetermine the customer expectations and needs and meet them for customer satisfaction, Sa-ba performs the requirements of institutionalization by internal trainings, exchange of information and participating activities. Sa-ba also continues investing in human and humanistic working conditions.

Sa-ba Vizyon 2020

Sa-ba'da 2020 vizyonu için yeni bir dönem başladı. Şirketi vizyonuna ulaştıracak yol haritası oluşturuldu ve hedeflere ulaşmak için belirlenen stratejiler doğrultusunda, dinamizm ve takım ruhu içinde projeler yürütülüyor.

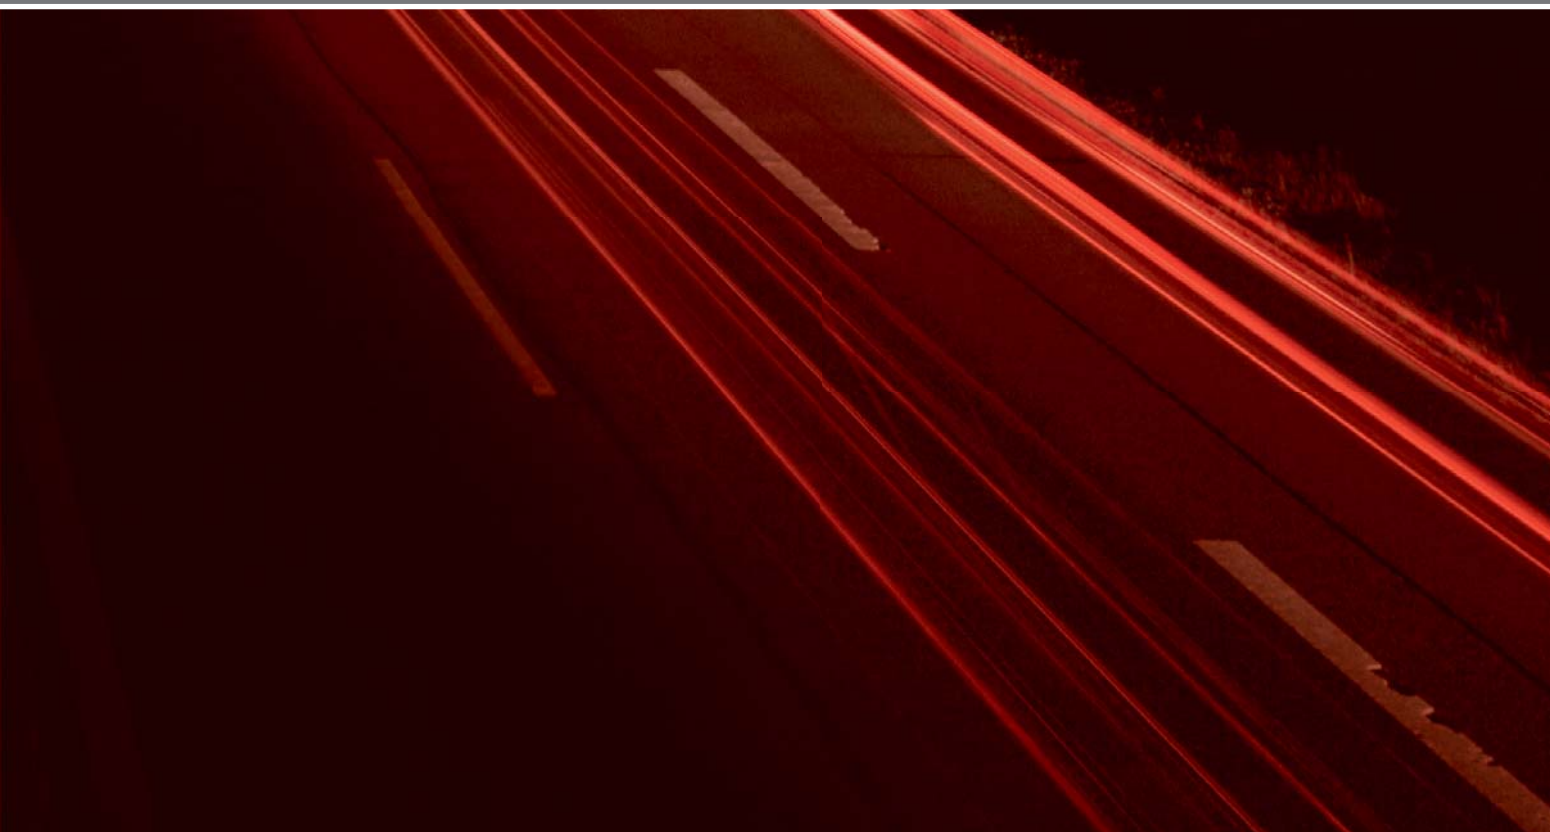

Projelerin amacı Sa-ba'nın ulusal ve uluslar arası alanda talep edilen, rekabetçi, yenilikçi, kaliteyi yaşam tarzı edinmiş bir kuruluş olarak devamlılık sergilemesi. Bununla birlikte, en önemli ürün olarak kaliteyi görüp kalite üretimini hedefleyen Sa-ba, tüm faaliyetleri bu doğrultuda planlarken kısa ve uzun vadeli hedefleri de yatırım ve verimlilikle birleştirerek geleceği tasarlıyor.

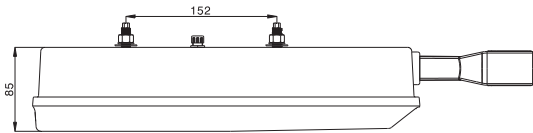

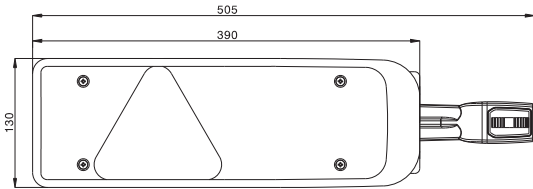

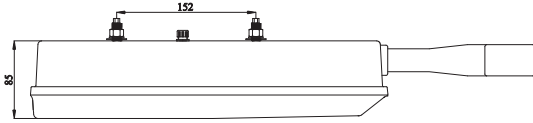

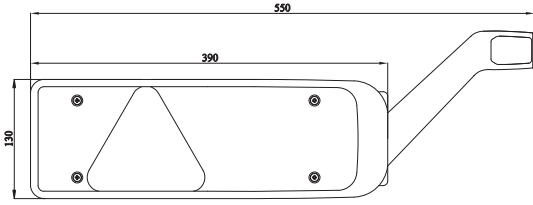

Müşteri memnuniyeti için, kendini sürekli geliştirip, beklenti ve ihtiyaçları önceden tespit ederek cevaplamayı amaçlayan Saba, kurumsallaşma gereklerini de meslek içi eğitim, bilgi paylaşımı ve katılımcı faaliyetlerle yerine getiriyor, insana ve insani çalışma şartlarına yatırım yapmayı sürdürüyor.

LED SİSTEM 10-30V

Şeffaf Ledli (ECE Reg. 65 Cat. T)
Kırmızı Ledli
Mavi Ledli (ECE Reg. 65 Cat. T)

Technical Specifications

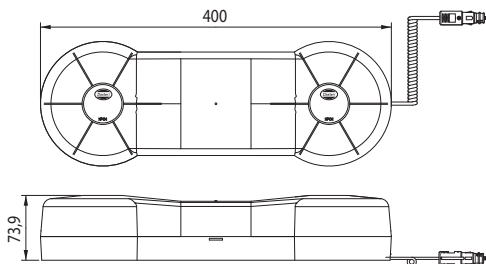

Operating voltage:	10-30V DC
Type of LEDs:	12 LEDs Hight Power STD
Operating temperature:	-40 °C to + 65 °C
Power consumption:	From 14W to 28W (depends on the flash freq.)
Reverse polarity protection:	Yes
Lens material:	Polycarbonate color clear
Flashing frequency:	10 flashing patterns
Type approval:	Special warning lamp to ECE Reg. 65 Category T

Dust - Tight:	IP 6X
Water - Tight:	IP X7

Teknik Özellikler

Çalışma voltajı:	10-30V DC
Led özelliği:	Yüksek enerji 12 LED
Çalışma sıcaklığı:	-40 °C ile + 65 °C arası
Güç tüketimi:	14W - 28W
Yanlış bağlantı önleyici:	Evet
Lens malzemesi:	Şeffaf renkli polikarbonat
Sinyal frekansı:	10 sinyal modeli
Tip onayı:	ECE, Kategori 65

Toz geçirmezliği:	IP 6X
Su geçirmezliği:	IP X7
